All assignments are due on the expected due date. Readings must be completed before coming to class, and students should be prepared to discuss each reading. All written assignments must be typed, double-spaced, and follow appropriate style guidelines. Please keep records of all your work until you receive your final grade for the course.

Academic Integrity

“It is the aim of the faculty of Texas Tech University to foster a spirit of complete honesty and a high standard of integrity. The attempt of students to present as their own any work they have not honestly performed is regarded by the

faculty and administration as a serious offense and renders the offenders liable to serious consequences, possibly suspension.” (2022-23 Texas Tech University Catalog, p.42). Academic Dishonesty, as defined in the catalog, “includes, but is not limited to, cheating, plagiarism, collusion, falsifying academic records, misrepresenting facts and any act designed to give unfair academic advantage to the students.” (2022-23 Texas Tech University Catalog, p.42).

Students must present appropriate verification from Student Disability Services during the instructor’s office hours. Observances of a Religious Holy Day

The student shall also be excused for time necessary to travel. An institution may not penalize the student for the absence and allows for the student to take an exam or complete an assignment from which the student is excused. No prior notification of the instructor is required.

Classroom Etiquette

You are expected to arrive on time for each class and be prepared to discuss the assigned reading. This demonstrates respect for the learning community we are creating for one another. Supporting one another in dialogue is expected. In this class, we want to hear your opinions and ideas, and those of others are to be respected and acknowledged even if you disagree with them. Although the instructor will provide lectures on course material, other teaching methods will be used from time to time, which will require participation and discussion on your part; this is when you have an opportunity to really demonstrate your knowledge.
